

100% Verified Campaigns

HEALfundr's vision is one of secure, 100% verified campaigns where funds are paid directly to legitimate medical expenses. This implementation grants the campaigner relief from managing their medical bills and gives the donor the confidence that their donation is going to where it should. Beyond securing the payment process for campaigners, **HEALfundr** is able to negotiate the total cost of care with medical bill mediation. Funds exceeding the goal will be distributed as designated by the donor:

- Giving the campaigner cash for other expenses
- Donating the money to another campaign
- Instructing NeedyMeds to give the money to other campaigns supporting specified medical conditions or patients in a specific state
- Donating the money to NeedyMeds
- A pro-rated refund to the donor

What is HEALfundr?

HEALfundr is more than your average crowdfunding platform. Our vision of crowdfunding medical needs is unique and, as we see it, the next logical step in the process.

HEALfundr is owned and operated by NeedyMeds, a 501(c)(3) non-profit information resource devoted to helping people in need of assistance of affording their medications and costs to health care. With over 16 years of connecting people with patient assistance programs, medical bill mediation, and discounts on prescriptions, we have started **HEALfundr** with the mission of giving you the power to heal.

Start a Campaign

HEALfundr is a funding platform for legitimate medical causes. Individuals can raise funds for a specified beneficiary's medical bills. Beneficiaries will provide **HEALfundr** with copies of medical bills to be paid directly with crowd-raised funds.

Non-profits can also raise funds using **HEALfundr** for projects supporting a community suffering from a medical condition within the United States. Medical facilities and research teams can raise funds for needed medical equipment or other related costs.

- There are no age restrictions for campaign beneficiaries.
- Campaigners must be over 18, or if under 18, have received parental consent and are acting under parental supervision.
- Campaigners may not be under 13 years of age, but campaigns can help people of any age.
- Campaigners and beneficiaries must be residents of the United States and its territories.
- There are no restrictions on insurance or income status.

Donate to a Campaign

Donating to crowdfunding campaigns has never been more secure. **HEALfundr** verifies 100% of our campaigns and arranges direct payments to service providers, relieving the stress of paying for bills for the patient and giving donors confidence that their money is going to the right place.

Donors have the option of donating directly to an individual campaign, or designating funds to be split between campaigns supporting a specific diagnosis or patients living in a particular area.
